Introductory Chemistry: Atoms First (5th Edition) Steve Russo, Michael E. Silver

An atoms-first approach for introductory, preparatory, basic chemistry courses

Carrying through an atoms-first approach from the first four editions, and helping you focus on mastering the quantitative skills and conceptual knowledge you need to get a true understanding of chemistry, Russo and Silver's *Introductory Chemistry, Fifth Edition* continues the tradition of relevance that makes it so effective. Now including MasteringChemistry®, the leading online homework, tutorial, and assessment product with a demonstrated record of helping students quickly master concepts, this **Fifth Edition** includes new opportunities for you to practice key concepts. MasteringChemistry provides seamless synergy with the text to create a dynamic learning program that enables you to learn both in and out of the classroom.

With Russo and Silver's *Introductory Chemistry*, **Fifth Edition** and MasteringChemistry, you get a complete teaching and learning program that gives you critical tools for ensuring a successful introduction to chemistry, including:

- **An atoms-first approach to chemistry:** Through an atoms-first approach used effectively in the previous four editions, you begin to learn starting from the building blocks of matter and progress to understanding complex concepts from a logical point of view and with a deep understanding.
- **Personalized, interactive learning for achieving proficiency of the concepts with MasteringChemistry:** Self-paced tutorials guide you through the text's most challenging topics; provide immediate, specific feedback and reinforcement; and present varied content to keep you engaged and on track.
- **An emphasis on core concepts for solving quantitative and qualitative problems:** Get a true understanding of introductory chemistry by using material that presents problem solving and comprehension as complimentary skills, rather than encouraging rote memorization.
- **Features that demonstrate how relevant chemistry concepts are in students' lives:** A number of outstanding features that show chemistry as a fascinating science.

Note: You are purchasing a standalone product; MasteringChemistry does not come packaged with this content. If you would like to purchase *both* the physical text and MasteringChemistry search for ISBN-10: 0321926951 /ISBN-13: 9780321926951. That package includes ISBN-10: 0321927117 /ISBN-13: 9780321927118 and ISBN-10: 0321933729 /ISBN-13: 9780321933720.

;

MasteringChemistry is not a self-paced technology and should only be purchased when required by an instructor.
