Marrying for money rather than true love was never Anna Prior's plan. She knew it would always end in tears and she was right.... Anna's father has demanded she marry Billionaire heir Elliot Preston. This would be a marriage of convenience that would secure the future fortunes of both families. Anna really has no choice but to go along with it and it seems her husband Elliot feels the same disdain toward the arrangement. However, Anna had no idea just what she was marrying into. The Preston family are warped by greed and corruption with secrets that leave her feeling very, very awkward about everything. The situation becomes even more awkward when Anna discovers that her brother in law Leo has a thing for her, and she might just have a thing for him too...
