## ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering

This book includes selected papers from the ICGSCE 2014 with focus on the current trends of global resources used to meet the growing demands to improve life style coupled with environmental and social problems related to the resource consumption with emphasize to move towards sustainable development. It provides a platform for scientists and academicians from local and international universities and industries to promote, share and discuss various new issues and developments in different areas of Chemical Engineering with respect to global sustainability. Under the sustainability umbrella the topics covered are; alternative energy sources, alternative feedstock for energy and chemicals, alternative raw materials for household commodity, green process with minimal environmental impact, process intensification, waste minimization, recycling of wastes and providing quality water, food and medicines. Other topics covered include:

1. Oil and gas, Biofuel, Fuel cell, Renewable energy
2. Green technology, Sustainability, Environmental, Carbon sequestration, Carbon footprint, Natural resources
3. Chemical processes, Separation technology, Biotechnology, Nanotechnology, Food technology, Particle technology, Corrosion, Pharmaceutical, Phytochemical, Oleochemical
4. Process modeling, Process Simulation, Process control
5. Advanced material, Polymer, Catalyst, Enzyme
6. Policy, Regulations, Strategy and implementation, Safety, Management of science, Engineering education
7. Process Safety and Loss Prevention, Environmental and chemical risk assessment, Transportation risk analysis, Inherent safety.

### **From reader reviews:**

#### **Paul Blecha:**

The book ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering give you a sense of feeling enjoy for your spare time. You can utilize to make your capable far more increase. Book can to be your best friend when you getting anxiety or having big problem with the subject. If you can make studying a book ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering for being your habit, you can get more advantages, like add your current capable, increase your knowledge about a number of or all subjects. You may know everything if you like wide open and read a e-book ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering. Kinds of book are a lot of. It means that, science publication or encyclopedia or other individuals. So , how do you think about this guide?

#### **Maureen Bonds:**

Spent a free time to be fun activity to accomplish! A lot of people spent their leisure time with their family, or all their friends. Usually they carrying out activity like watching television, going to beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? Could possibly be reading a book can be option to fill your totally free time/ holiday. The first thing that you will ask may be what kinds of e-book that you should read. If you want to consider look for book, may be the publication untitled ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering can be good book to read. May be it could be best activity to you.

#### **Omer Brown:**

Beside that ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering in your phone, it could give you a way to get more close to the new knowledge or information. The information and the knowledge you might got here is fresh from oven so don't be worry if you feel like an older people live in narrow community. It is good thing to have ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering because this book offers for your requirements readable information. Do you often have book but you do not get what it's facts concerning. Oh come on, that will not end up to happen if you have this with your hand. The Enjoyable set up here cannot be questionable, including treasuring beautiful island. Use you still want to miss it? Find this book and read it from right now!

#### **Michael Emery:**

As a scholar exactly feel bored to be able to reading. If their teacher questioned them to go to the library or make summary for some guide, they are complained. Just small students that has reading's soul or real their interest. They just do what the teacher want, like asked to the library. They go to there but nothing reading

significantly. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this ICGSCE 2014: Proceedings of the International Conference on Global Sustainability and Chemical Engineering can make you sense more interested to read.
