DYING EYES

What secrets hide behind dying eyes?

With the Christmas and New Year chaos out of the way, it's time for the Preston Police Department to put their feet up and return to normality.

But for DS Brian McDone, there is no respite from the frenzy. An unidentified young woman is found brutally murdered in a seedy section of the city, her body laced with bruises, her sharp fingernails digging into her palms. Her eyes are staring up at something in pure fear.

Nobody knows who she is.

As Brian and his team begin to piece together the clues, the answers lead him to places he would least expect. The further Brian digs, one question soon becomes apparent: who can he trust? The answer, it seems, may be life-threatening.

The first in a new crime thriller series from author Ryan Casey, *Dying Eyes* is a dark detective mystery with complex characters and a twisting, turning plot that is sure to please fans of the genre.

"With twists and turns aplenty, the story is both riveting and horrifying, and it is well-worth reading and re-reading." - T.A. Dean

BURIED SLAUGHTER

Two years after the shocking events of the Nicola Watson case, Brian McDone's life is finally back on track. He's working in the lower ranks of the police department, but his personal life and mental stability are stronger and more important to him than ever.

That is until news breaks of a series of brutal, ritualistic murders in the idyllic Lancashire countryside. Seven bodies are found, decapitated, bones stripped of flesh, heads piled on top of one another. The police are clueless. Brian is intrigued. Too intrigued.

As Brian grows obsessed with the case, he finds himself drawn out of his peaceful life and into the dangerous depths of the investigation. In a race against time, Brian must put all he cares about on the line, as he faces a ruthless, cunning and methodical serial killer who isn't afraid to make things personal.

The second in the crime thriller series from author Ryan Casey, Buried Slaughter is a dark detective mystery with complex characters and a twisting, thrilling plot.

NAMELESS KILL

Brian McDone is ready for a break. He's exhausted in his new Detective Inspector role, worried about his distant work partner, and he keeps on getting irritating pains in his chest. All he needs is a holiday.

But the killers of Preston have other ideas. A dead girl is found face down in a stream with her hands bound. Creepy antlers and strange clothing clutch her head, as flies swarm her naked skin.

Nobody knows her name.

As Detective Inspector Brian McDone digs deeper into the harrowing mystery, he discovers a sequence of shocking and horrifying revelations and secrets. Secrets that don't just threaten the lives of others, but the life of McDone himself.

Nameless Kill is the third mystery in the Brian McDone crime thriller series, full of dark drama and edge-of-your-seat suspense.
