CET Study Guide Joseph Risse

Professional electronic technicians preparing to take a Certified Electronics Technician (CET) exam will find this book an extremely helpful resource. Designed to serve as an overall review guide, it covers a wide range of information readers must know in order to pass the Associate-level section of the Certified Electronics Technician Exam and both the Consumer and the Computer Journeyman-level tests. Subjects covered include three-terminal amplifying circuits in consumer products, VCRs and compact disc players, televisions, digital and computer systems, and test equipment and troubleshooting. Review questions with all answers are included at the end of each chapter. Three complete 75-question exams and answers are provided at the end of the book.
