So you have BV? As you know it can be an absolute nightmare especially if you can't find a way to get rid of it, or if you do get rid of it only to find that it comes back a short time later. Bacterial Vaginosis is actually a very common type of vaginal infection, it is estimated to affect 1 in every 3 women. In the vagina there are lots of good bacteria as-well as lots of bad bacteria. BV occurs when the natural balance between good and bad bacteria gets disturbed. BV is not a serious condition and it often goes away on its own. But it is important to treat it as soon as you see symptoms appear as it can lead to serious problems if left untreated. In this book I will give you a list of home remedies that are proven to get rid of BV once and for all and will keep it from ever coming back.
