Well, this is it for Moses. The lovable leader of our favorite band of manna-munching nomads is set to die within shouting distance of the promised land, which we can't help but think is a little unfair to the man. On the other hand, he doesn't go to his final resting place without first boring the stuffing out of every last man, woman and rock badger in the Fertile Crescent with an interminable speech recapping everything we've already recapped for you since Exodus. Some people just never know when to get off the stage.

The "Biblical Sense" series is for people who want to have read the Bible but don't want to have to read it. We don't blame you. It's not what you'd call a whiz-bang action adventure, after all. Okay, we should admit that we don't think the Bible is true. But that's not the point. The fact is, a lot of people seem to live their lives according to what they think the Bible says (though we can't for a second believe a lot of folks have read it), and so we think a well-read and culturally literate person should familiarize himself with culturally and historically significant texts - no matter how mind-numbingly dull Leviticus might be.

Whether you believe the Bible or not, we hope this makes reading it a little more palatable. In any case, you'll come away from this book with a genuine appreciation for exactly how deeply intertwined communal religious devotion is with rampant animal slaughter.
