The Oxford Handbook of Hellenic Studies (Oxford Handbooks)

The Oxford Handbook of Hellenic Studies is a unique collection of some seventy articles which together explore the ways in which ancient Greece has been, is, and might be studied. It is intended to inform its readers, but also, importantly, to inspire them, and to enable them to pursue their own research by introducing the primary resources and exploring the latest agenda for their study. The emphasis is on the breadth and potential of Hellenic Studies as a flourishing and exciting intellectual arena, and also upon its relevance to the way we think about ourselves today.
