Jesse is a late fifties homemaker who has been happily married for almost forty years. Her husband Harold is an ambitious and very successful international businessman. Jesse spends her life raising their daughters, supporting her spouse, gardening and writing when she can.

Harold leads an active retirement and Jesse travels the world to meet him whenever possible. When Harold begins to show signs of renewed energy and youthful form Jesse finds inspiration to part with her complacent past. But its not that simple. Harold's body is changing and Jesse's shape soon follows.

Are these changes caused by a healthy diet? A new California lifestyle? Side effects of working out more frequently? Jesse begins to doubt herself when women start to notice her, and... when she begins to notice them. When changes happen gradually, its easy to miss the big picture. Or the big reflection.

Find out what happens to Jesse and Harold as they transform in both mind and body.
