Many pastors are just too busy to follow the latest theories on preaching and sermon form. In *The Shape of Preaching*, Dennis M. Cahill seeks both to educate the working pastor on the current issues of sermon design and enable them to use this design in a way that can change their preaching. After first laying the theoretical groundwork with discussions of the theological, cultural, and literary roots of the new approaches to sermon design, Cahill expertly guides the preacher through a practical process for designing sermons that speak to people in the world today.
