*Eugene F. Miller*

**Hayek's The Constitution of Liberty: An Account of Its Argument (Occasional Paper)** Eugene F. Miller  
This monograph both summarizes and interprets the argument of F. A. Hayek's *The Constitution of Liberty* for a nonspecialist audience. It does so by setting Hayek's seminal book in the context of his earlier and later works. *The Constitution of Liberty* has a profound effect on the thinking of a generation of scholars, students, and even politicians; there is a sense in which it is regarded as a manifesto of traditional liberalism. Its complex underlying argument is fully explained in this book, an invaluable work of reference for all who are interested in defending and promoting liberty.
