How To Travel Light Like a Pro

Bored of time spent by the airport carousel? Are you worn out from lugging around weight that you didn't even need to bring? Sick of spending a fortune before you've even left home?

So was I. It's happened to me all over the globe. Each time it happens I'm kicking myself: why didn't I learn from my last trip? Why have I got so much stuff? Why didn't I plan better?

I've gone ahead and answered all of these questions and more in this mini eBook. This eBook is a full compilation of tips and tools of the trade. Most have been supplied by full-time digital nomads. These are people whose job it is to be constantly travelling, forever jumping on and off of buses, ferries, rickshaws and, of course, the odd plane or two.

Full-time nomads are the best people to learn from because, like me, they've been there, done it, and they've all made it work. If they can travel indefinitely with just carry-on luggage you can certainly handle a week or a month.

If you want to save money, time, effort and premature grey hairs - travel light like a pro!
