Researching Families and Children: Culturally Appropriate Methods

Researching Families and Children: Culturally Appropriate Methods

Researching Families and Children: Culturally Appropriate Methods is a collection of essays on field issues related to research in child/human development, attempting to highlight indigenous methodological issues that arise while conducting human development research in the Indian context. It articulates the dynamics of the process of interaction to provide a transparent and human view of research, giving maximum importance to the perspective of the participant or respondent in each study.
