**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

### Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

### Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

### Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

Featuring a four-color presentation and student-centered approach, this medical coding book references ICD-10-CM/ICD-10-PCS codes and offers a new approach to teaching this skill. **ICD-10-CM/PCS CODING: A ROAD MAP is flexible in organization—appropriate for traditional, modular, linear, and wheel courses—and progressive in its numerous exercises of varying levels. Chapters are constructed around three basic coding skills (abstracting, assigning, and sequencing codes) so students get a strong foundation in these essential competencies. Guided examples teach the coding process, while mini-medical records help students learn how to identify and abstract pertinent information from medical documentation.**
