This is the fourth book in the series: "Science vs. Bible vs. Quran" (4) The Planets The Planets in the Bible: The verse Job 9:9, talks about the planets that cross the southern sky As far as I know, in science, there is no southern sky However, there are many other southern skies like Southern sky motors, Southern sky song, Southern sky models, Southern sky travel and Southern sky tours The verse Isaiah 40:26, says that God leads the stars and planets as a shepherd leads his sheep and each star and planet has a pet name! The verse Isaiah 13:10, says that the stars give light and so do the planets and the moon. The verse Amos 5:26 talks about some kings which are given names for the gods of the planet Saturn], if you read this verse, you do not need effort to recognize that it contradicts the science. The verses Matthew 24:29, Mark 13:25 and Luke 21:26, (Common English Bible), The stars and planets will fall from the sky onto the earth! The verse Jude 13 says: they are like -stars that wander in the sky. This verse contradicts the sciences and the Quran. In the three books of this series: Science vs. Bible vs. Quran (1) the Stars, (2) the Sun and (3) the Moon, we have seen that both the Quran and the science say that each star move in its determined orbit and there is NO wandering stars Moreover, Study of 162 different versions of the Bible shows that: The Planets are not mentioned in 121 different versions of the Bible. The Planets are mentioned in 41 different versions of the Bible. This indicates that 75% of the different versions of the Bible do not mention the Planets while 25% the different versions of the Bible do not mention the Planets. What about the Bible's versions that mention the planets: How many times the Planets are mentioned per each version? Is each version of the Bible mention the Planets equally? No. How many times each version of the Bible mentions the Planets? Some versions mention the planets one time, while the other versions mention the Planets from 0-31 times: Hence, the planets are mentioned: Zero time, One time, Two times, Three times, Four times, Five times, Seven times, Ten times, 18 times, 22 times, 24 times, 27 times and 31 times In this book, 75% of the English Bibles do not mention the Planets Moreover, you will see how many times the Planets are mentioned in languages other than the English. You will see how many times the Planets are mentioned in the Bibles translated to Spanish, French Chinese, Russian, Greek, Portuguese, Italian, German, Bulgarian, Swedish, Hungarian, Polish, Vietnamese, Romanian, Norwegian, Thai, Ukrainian, Arabic, Czech, Danish, Hebrew, Croatian, Albanian, Hawaii and 16 different other languages In addition, the book presents Ibrahim's theory to discover the corruption of the Bible. Also, the book gives three different examples of Fabrication of the Word of God, the Bible; that is copyrighted. Then you will see how many times the Quran mentions the Planet(s) and How the Lord Jesus prophesied these two prominent phenomena. The Planets in the Quran: On the other hand, the Quran preceded the science and declares that as the earth turns round the sun, every point of it has its own sunrise, and its point of sunset. The Quran preceded the science and says that the Planet does not shine by itself, but it shines when the light comes to it. The Quran says that pure olive oil is beautiful in color, consistency, and illuminating power. In addition, you will read about the following issues: Abraham and the planets Venus, Abraham and the Full Moon, Abraham and the Sun and Abraham's Religion. Also, what about seeing the Planets in a dream, Satan and Joseph's Dream, Satan and Joseph's brothers and The Planets on the Day of Judgment The Quran says that Allah has adorned the sky with planets and how many sunrise point you know? And what is the glorious parable of light and what are the four kinds of Human Hearts.
