James McWilliams

**The Modern Savage: Our Unthinking Decision to Eat Animals** James McWilliams

***Just Food* author James McWilliams's exploration of the "compassionate carnivore" movement and the paradox of humanity's relationship with animals.**

In the last four decades, food reformers have revealed the ecological and ethical problems of eating animals raised in industrial settings, turning what was once the boutique concern of radical eco-freaks into a mainstream movement. Although animal products are often labeled "cage free," "free range," and "humanely raised," can we trust these goods to be safe, sound, or ethical?

In *The Modern Savage*, renowned writer, historian, and animal advocate James McWilliams pushes back against the questionable moral standards of a largely omnivorous world and explores the "alternative to the alternative"-not eating domesticated animals at all. In poignant, powerful, and persuasive prose, McWilliams reveals the scope of the cruelty that takes place even on the smallest and-supposedly-most humane animal farms. In a world increasingly aware of animals' intelligence and the range of their emotions, McWilliams advocates for the only truly moral, sustainable choice-a diet without meat, dairy, or other animal products.

*The Modern Savage* is a riveting expose of an industry that has typically hidden behind a veil of morality, and a compelling account of how to live a more economical, environmental, and ethical life.
