When the dead come to life, it's up to an admiral's daughter and a former war hero turned town crazy to save a small town. Being the daughter of an admiral, helicopter pilot Jetta Cross is anything but an ordinary young woman. She's placed in charge of her father's former Navy Seal comrade, John Hunter; a fallen war hero with a tendency to relive his past and forgo reality. When a government-generated superbug hits the island, the locals become infected and a zombie outbreak plagues their quiet town. Hunter is left alone and to his own devices at their beach house. Often believing he sees dead bodies on a daily basis, Hunter is reluctant to believe the zombies are real as they surround his home. Jetta becomes trapped at the island's luxurious resort with a handful of hotel workers. When the viral outbreak reaches the resort, she realizes Hunter is left at home and defenseless against the horde of undead. With the lives of so many in serious jeopardy, Jetta realizes she must prove she's her father's daughter and take charge in order to ensure the town's survival. *Insanely Deadly* is a character driven, zombie horror tale of survival with some elements of gore, humor, and a little romance.
