## **Scalping Jackals** Rob Rimes

Rob Rimes' largest work yet, *Scalping Jackals* covers the day-to-day developments of the 2012 presidential election cycle from the earliest moments of the Republican primary debates all the way through to the final result of the showdown between President Barack Obama and Republican nominee Mitt Romney.

Deconstructing every event in this 18 month political journey from the point-of-view of an often times inebriated Ron Paul supporter, Rimes offers up the same hardcore commentary and insight he has been best known for in his previous books, as well as on his former blog TheSwash.com. A year and a half in the making and several thousand shots of bourbon later, Rob Rimes leaves you with his magnum opus - the story of a man going from trying to tame and overcome the failed political process to loathing it to the point of anarchistic disdain. Don't say that you haven't been warned; this isn't for the faint of heart or the overly sensitive and easily offended.
