**The Contentious History of the International Bill of Human Rights (Cambridge Studies in Law and Society)** Christopher N. J. Roberts

Today, the idea of human rights enjoys near-universal support; yet, there is deep disagreement about what human rights actually are - their true source of origin, how to study them, and how best to address their deficits. In this sweeping historical exploration, Christopher N. J. Roberts traces these contemporary conflicts back to their moments of inception and shows how more than a half century ago, a series of contradictions worked their way into the International Bill of Human Rights, the foundation of the modern system of human rights. By viewing human rights as representations of human relations that emerge from struggle, this book charts a new path into the subject of human rights and offers a novel theory and methodology for rigorous empirical study.

#### **Brandon Giles:**

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's internal or real their interest. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring along with can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this The Contentious History of the International Bill of Human Rights (Cambridge Studies in Law and Society) can make you feel more interested to read.
