The Mabinogion (Oxford World's Classics)

The Mabinogion (Oxford World's Classics)

Celtic mythology, Arthurian romance, and an intriguing interpretation of British history--these are just some of the themes embraced by the anonymous authors of the eleven tales that make up the Welsh medieval masterpiece known as the *Mabinogion*. They tell of Gwydion the shape-shifter, who can create a woman out of flowers; of Math the magician whose feet must lie in the lap of a virgin; of hanging a pregnant mouse and hunting a magical boar. Dragons, witches, and giants live alongside kings and heroes, and quests of honour, revenge, and love are set against the backdrop of a country struggling to retain its independence.

This new translation, the first for thirty years, recreates the storytelling world of medieval Wales and re-invests the tales with the power of performance.

About the Series:
