## **The Technology-Ready School Administrator: Standards-Based Performance** Clinton Born

"The Technology-Ready School Administrator (2nd ed.) is an excellent resource for school leaders who understand that schools can run efficiently and cost-effectively with various administrative technological tools but are not sure where to begin. Students of all ages in P-12 programming are "wired" for technology, and this resource provides the tools to create a culture where administrators and staff encourage students to learn using technology in a responsible manner. Furthermore, Dr. Born presents numerous technology-related court cases and legal hearings to inspire thought-provoking discussions on how to effectively and legally manage difficult situations, including the issue of cyberbullying." -Gretchen Combs Adjunct Professor, Muskingum University Pre-school special education teacher
