The Tree of Life and Death Andrew Keyser

When Adam and Eve left the garden of Eden, they took their few possessions; but Eve also took a seed from the fruit of the Tree of Life. Throughout her lineage the secret seed was passed down until World War II, when it was stolen by Hitler's army as part of their occult battle efforts. It was planted in secret, and has remained hidden since that time. However, its roots have grown fast and deep, and is supposed to have magical healing properties. A man with a rare disease has only one chance of surviving, he must find the Tree of Life before it's too late. He soon finds however, the Nazi party is still alive and working in secret to keep their real secrets safe.
