Her Majesty: Queen Elizabeth II and Her Court Robert Hardman

As seen on *The Today Show*, an intimate portrait of England's longest-reigning queen - including the first-ever book interview with Prince William.

History has known no monarch like her. She has traveled farther than all her predecessors put together and lived longer than any of them. She has known more historic figures than anyone alive - from Churchill to Mandela, de Gaulle to Obama.

Now, the distinguished royal writer Robert Hardman has been granted special access to the world of Queen Elizabeth II to produce this enthralling new portrait of one of the most popular public figures on earth.

Queen Elizabeth II sits at the head of an ancient institution that remains simultaneously popular, regal, inclusive, and relevant in a twenty-first-century world. It is down to neither luck nor longevity: it is down to the shrewd judgement of a thoroughly modern monarchy - with no small assistance from the longest-serving consort in history. Here is the inside story. 16 pages of color illustrations
