Arbinger 's materials educate people about the problem of self-deception, and Arbinger 's methodologies help people to overcome it. In the words of an early reviewer of The Anatomy of Peace, "Arbinger helps people to see in a different way - to see problems differently, conflicts differently, challenges differently, opportunities differently, each other differently." To which another added, "I know of no tool or way of thinking that contributes so masterfully to real, lasting peace - in families, organizations, communities, and nations."
