But she's already found Mr. Right...

She would rather call her impending nuptials *planned* than *arranged*, but she's certain her fiancé is her perfect match. Still, Dr. Meera Malhotra jumps at the opportunity to spend the month before her wedding doing a medical rotation in small-town USA. Getting a taste of independence and improving public health are both part of her plan. Falling for a cowboy? Not so much. Jake Taylor is totally wrong for her, anyway: he raises cattle; she's a vegetarian. He's content with life on the ranch; she's from bustling London and wants to travel. She couldn't possibly throw away everything she's built over something as illogical as love.
