REBOOT is not a book about helping you fix your broken desktop computer. You will learn to create new mental connections & neural pathways towards restarting the most important and intricate computer system in your life – YOU. If events have occurred which have caused your internal computer to crash, this book will show you how to step-by-step REBOOT your system and start over. Learn to use the new software in this book and begin living again with higher efficiency and direction.

This is a TRUE STORY of a man coming to grips with a life-changing experience and how he and his wife turned fear and worry into a lesson for all. The reflections are REAL and useful no matter what challenges you are experiencing.
